Progress Report

Gentlemen:

The following is a report on pre-construction and construction activities in area 1230 for the period ending January 2, 1981.

G E N E R A L

Progress has been fair. Weather has ranged from clear to cloudy with record breaking warm temperatures and considerable precipitation late in the period. No snow at lower elevations. Day time temperatures ranged from +20° to +57°, with night temperatures from +5° to +45°. Highways are in above average early winter driving condition.
